AFFIDAVIT FOR ARREST WARRANT

I, Jack Johnson II, a peace officer employed by the Texas Department of Public Safety, do solemnly swear that I have reason to believe and do believe that Andrew Michael Pena, an Hispanic Male, DOB: did, on or about July 18, 2019, in Comal County, Texas commit the following offenses

Manslaughter – Penal Code 19.04 - Second Degree Felony

MY BELIEF IS BASED ON THE FOLLOWING FACTS:

My name is Jack Johnson II; I have been employed with the Texas Department of Public Safety for over 5 years. I hold an intermediate peace officers license with the Texas Commission on Law Enforcement. I currently hold the position of Texas Highway Patrol – Trooper II and have been involved with the investigation of numerous cases which have led to the arrest, and prosecution of violators against the peace and dignity of the State of Texas.

Your Affiant conducted the initial investigation on July 18th, 2019, wherein a 2014 maroon Ford F-250 bearing driven by Andrew Michael Pena, was traveling eastbound on SH 46 near Blanco Rd, near a curve, in Comal County and traveled into the opposing lane and resulted in a crash with a vehicle traveling westbound, a 2015 gray Chevrolet Camaro bearing registration Through the crash investigation, skid marks revealed the Chevrolet Camaro made an attempt to evade the collision with the opposing vehicle.

Pena's vehicle then side swiped a second vehicle, a 2012 Buick Enclave bearing registration and then collided head-on with a 2016 Hyundai Accent bearing registration Pena's vehicle then vaulted over the top of the Hyundai and into the bar ditch. A fifth vehicle (2015 Toyota Camry bearing registration) then struck the rear of the Hyundai. The impact between the Ford and Hyundai resulted in the death of both occupants within the Hyundai, as well as caused injuries to the driver in the Buick. The deceased occupants were identified as Jason Joseph Cantu – H/M DOB: and Magdalena Heather Hernandez – H/F DOB:

AW2019-234

On 07-20-2019, I conducted an interview with the driver of the Ford, Andrew Michael Pena. During the interview, Pena admitted to intentionally crossing over the double yellow, in a no passing zone, when the crash occurred but claimed it to be in an effort to avoid striking a slower moving vehicle ahead. The evidence I observed on the roadway supports Pena's admission that the crash occurred in the opposing traffic lane.

On 07-20-2019, I conducted an interview with the passenger of the Ford, Veronica Bellinghiere. During her interview, she stated that Pena maneuvered to the left across the lane divider in an effort to pass a slower moving vehicle that was in front of them. According to her, Pena, made no attempt to avoid the collision with the Camaro.

Based on the above statements by Pena, Bellinghiere, and the physical evidence I observed at the crash scene, I believe probable cause exist that would lead a reasonable person to believe that Andrew Michael Pena, H/M DOB: did on or about July 18, 2019, commit the offense of Manslaughter. I believe based on the above information, Pena was aware of the no passing zone markings on the roadway and further aware of the curvature of the roadway and in-spite of that fact, intentionally crossed over the no passing zone markings into the opposing traffic lanes. As a direct result of Pena's reckless conduct and actions, a crash occurred and the death of two individuals was the result.

I respectfully request that a warrant for the arrest of

SIB WALDRIP

AFFIDAVIT OF SEARCH WARRANT
(Article 18.02(12), Texas Code of Criminal Procedure)

The undersigned Affiant, being a Peace Officer under the laws of Texas, and being duly sworn, on oath makes the following statements and accusations:

My name is, Jack Johnson II, and I am commissioned as a peace officer by the Texas Department of Public Safety.

1. There is in Comal County, Texas a suspected thing described and located as follows:

A 2015 black Toyota Camry bearing [REDACTED] and labeled with the vehicle identification number [REDACTED] located at 1052 Rainbow Dr, Spring Branch, Comal County, Texas 78070. In said suspected thing, you may find a motor vehicle recording device commonly referred to as an Air Bag Control Module (ACM), Power Train Control Module (PCM), Global Positioning System, Event Data Recorder (EDR), or any other device that stores operational data.

2. Said suspected thing is in charge of and controlled by each of the following named parties (hereinafter called "suspected party" whether one or more) to wit:

Roger Clark Lewis being the registered owner and Hill Country Customs Wrecker Service located at 1052 Rainbow Dr, Spring Branch, Comal County, Texas 78070.

3. It is the belief of Affiant, that in said suspected thing there contains evidence of the commission of a crime under the Texas Penal Code, 19.04, Manslaughter. Through my experience and training I have found that contingent upon manufacture and year model of a vehicle(s), the suspect vehicle may contain a device commonly called an Airbag Control Module (ACM), Power Train Control Module (PCM), Global Positioning System, Event Data Recorder (EDR), or some other type of device that stores operational data.

Based on my training and experience, the above make and model vehicle will be equipped with one or more of the above described recording devices and may record certain data, including, but not limited to:

- (1) The speed the vehicle was traveling prior to algorithm enable.
- (2) Engine cycle revolutions per minute prior to algorithm enable.
- (3) Engine throttle pressure prior to algorithm enable.
- (4) Braking information prior to algorithm enable.
- (5) The driver's and/ or passenger's safety belt(s) status.
- (6) Ignition cycles of the vehicle.
- (7) Change in velocity after algorithm enable.
- (8) Steering input

and such evidence may consist of but not limited to the following:

- Power Train Control Module (PCM) – Electronic Data and/or
- Air Bag Control Module (ACM) - Electronic Data

4. The Affiant has probable cause for the said belief by reason of the following facts, to wit: The Affiant employed as a Trooper II with the Texas Department of Public Safety and has been so employed for over 5 years, with specialized training in accident investigations.

Your Affiant conducted the initial investigation on July 18th, 2019, wherein a 2014 maroon Ford F-250 bearing
driven by Andrew Michael Pena, was traveling eastbound on SH 46 near Blanco Rd, near a curve, in Comal County, TX and attempted to pass a vehicle in front of him on the left in a no passing zone. The suspect drove into the opposing lane and resulted in a crash with a vehicle traveling westbound, a 2015 gray Chevrolet Camaro bearing registration 2LH8345. Through the crash investigation, skid marks revealed the Chevrolet Camaro made an attempt to evade the collision with the opposing vehicle.

Pena's vehicle then side wiped a second vehicle, a 2012 Buick Enclave bearing registration 2GKJF5L50C111111 and, then collided head-on with a 2016 Hyundai Accent bearing registration 2GKJF5L50C111111. Pena's vehicle then vaulted over the top of the Hyundai and into the bar ditch. A fifth vehicle (2015 Toyota Camry bearing registration 2GKJF5L50C111111) then struck the rear of the Hyundai. Based on my crash investigation, I determined that the impact between the Ford and Hyundai resulted in the death of both occupants with in the Hyundai, as well as caused injuries to the driver in the Buick. The deceased occupants were identified as Jason Joseph Cantu – H/M DOB: 10/10/1988 and Magdalena Heather Hernandez – H/D DOB: 07/07/1990.

On 07-20-2019, I conducted an interview with the driver of the Ford, Andrew Michael Pena. During the interview, Pena admitted to intentionally crossing over the double yellow, in a no passing zone, when the crash occurred but claimed it to be in an effort to avoid striking a slower moving vehicle ahead. The evidence I observed on the roadway supports Pena's admission that the crash occurred in the opposing traffic lane.

On 07-20-2019, I conducted an interview with the passenger of the Ford, Veronica Bellinghieri. During her interview, she stated that Pena maneuvered to the left across the lane divider in an effort to pass a slower moving vehicle that was in front of them. According to her, Pena, made no attempt to avoid the collision with the Camaro.

Your Affiant knows from training and experience that the PCM and ACM, which constitute evidence in this investigation, can further assist in developing cause and conditions for the crash.

Affiant believes that Pena was aware of the no passing zone markings on the roadway and further aware of the curvature of the roadway and in-spite of that fact intentionally crossed over the no passing zone markings into the opposing traffic lanes. As a direct result of his actions, a crash occurred and the deaths of two individuals were the result. I believe foregoing facts establish probable cause to believe the offense of Manslaughter was committed and that the suspected place is likely to contain: data evidence to support this belief.

Affiant requests authority from the Court to transport, remove, or take any property or evidence seized pursuant to the warrant requested herein to any location deemed necessary for purposes of safe-keeping and completion of any investigation or proceedings related to the activities described in this affidavit. Furthermore, to extract the data from the devices and analyze such data.

Wherefore, Affiant asks for issuance of a Search Warrant that will authorize the search of said suspected place for said items, and the seizure of the same.
